## **RESPONSIBILITIES**

### **Duties of the Academy Trust**

The ultimate responsibility for health and safety rests with the employer although some functions under the Health and Safety at Work etc. Act 1974 are delegated to Headteachers (detailed below).

The Trust will:

- Establish mandatory health and safety policies/outcomes that schools follow/achieve.
- Monitor schools' compliance with legislation and policies.
- Monitor schools' health and safety performance.
- Provide direction/s as necessary to school management in the interests of health and safety.
- Ensure school management are appropriately trained in health and safety principles.
- Ensure any trust-wide purchasing and contracting procedures and arrangements that are in place consider health and safety compliance and performance.
- Consult with employees on matters affecting their health and safety according to the Safety Committees Regulations 1977 and Health and Safety (Consultation with Employees) Regulations 1996.

### **Responsibilities of the Chief Executive**

The Chief Executive will:

- Ensure Health and safety regularly appears on the agenda for A&F Committee meetings, and features within the Trust Risk Register.
- Designate an Executive Team member with responsibility for Health & Safety.
- For the purpose of maintaining health and safety legal compliance and/or complying with Transform health and safety aims and objectives, accept advice and direct a school to take compulsory action.
- Ensuring that competent health and advice is readily available according to Regulation 7 of the Management of Health and Safety at Work Regulations 1999.

### **Responsibilities of School Governing Bodies**

Governing Bodies are responsible for:

- Taking reasonable steps to ensure that the school is following the employer's policy and procedures e.g. through regular discussion at governance meetings.
- Receiving reports on staff training that enable them to carry out their responsibilities safely.
- Promote a sensible approach to health and safety, making use of competent health and safety advice when required.
- Work in close partnership with the Headteacher and senior management team to support sensible health and safety management and to challenge as appropriate.
- Integration of good health and safety management into business decisions.
- Approving the school's health and safety policy and other policies that relate to health and safety.
- Carrying out and recording a formal health and safety inspection of all parts of the buildings and site on at least an annual basis.
- Ensuring that adequate health and safety resources are made available to meet health and safety requirements.

- Ensuring health and safety is a fixed agenda item on Governor meetings.
- Considering immediate reviews in the light of major shortcomings or events.

### Duties of Headteachers

The Headteachers are responsible for:

- Demonstrating visible, active commitment to health and safety improvement.
- The overall maintenance and development of safe working practices and conditions for all employees, pupils and other non-employees on site.
- Ensuring that the requirements of all relevant legislation, codes of practice and school policies are met at all times.
- Ensuring safe working conditions and safe working practices are provided for the health, safety and welfare of staff, pupils and others.
- Consulting with employees, and safety representatives, on local health and safety issues.
- Ensuring effective means of communication with staff on health, safety and welfare issues.
- Ensuring that risk assessments are undertaken and reviewed annually or as necessary.
- Identify the training needs of employees and ensure that they are 'competent' to carry out their activities.
- Ensuring that arrangements are made for defects in the premises, its plant, equipment or facilities are reported and made safe.
- Ensuring that accident, work-related ill health and violent incidents are reported and investigated as necessary.
- Monitoring the standard of health and safety throughout the school.
- Ensuring that emergency procedures are in place.
- Ensure that staff involved in educational visits are aware of their responsibilities regarding the Off-Site Visits Policy and have access to it.
- Authorise all Off-Site Visits; inform Trust of any non-routine Off-Site Visits.

### Duties of All Employees

All employees are instructed to:

- Take reasonable care of their own health and safety and of others who might be affected by their actions or lack of action.
- Co-operate with the school on health and safety matters including compliance with Trust and school procedures.
- Not to interfere with anything provided to safeguard their health and safety.
- Report any health and safety concerns, e.g. hazards or defects etc. in line with local procedures.
- Ensuring that pupils are aware of the school's emergency procedures.

## **SCHOOL ARRANGEMENTS**

### **School Health and Safety Policies**

All schools will have a health and safety policy based on the Transform model version. The policy will be approved by their respective Governing Body.

A number of arrangements are left for each school to manage locally (see below). Their policy will describe how they meet legal requirements and best practice aims.

School health and safety policies will be reviewed on at least a 2-yearly basis or in the event of a significant change.

### **Accident Reporting and Investigation**

Accidents to employees will be reported and recorded locally. Accidents to pupils and other non-employees are recorded as laid down in the school's guidance and flowchart documents.

Accidents are investigated locally. Reported accidents are monitored termly.

The Headteacher is responsible for ensuring specified serious accidents to both employees and non-employees are reported to the Health and Safety Executive as legally required by the Reporting of Injuries, Diseases, and Dangerous Occurrences Regulations.

Accidents of a very serious nature or those which may result in a claim or media interest are to be reported to the Trust.

### **Asbestos Management**

If asbestos containing materials pose a serious risk to the health of persons using the school, the materials shall be removed as safely and as soon as possible.

Management surveys will be undertaken by a surveyor on a 5 yearly basis for all schools built prior to 2000. The school will organise any work required as a result of the survey with the assistance of the Schools H&S Team.

Where asbestos containing materials are present, and do not pose a serious risk, the school will take the opportunity to remove them progressively when it is safe and cost effective to do so. Whilst asbestos containing materials remain *in situ* the school will ensure that they are managed in such a manner so that the risk to the health of our employees, contractors, visitors and other people using our premises is minimised.

All specified work on asbestos containing materials shall be carried out in accordance with the current legal standards using the best working practices by licensed contractors.

The condition of known asbestos in the building will be monitored by the Site Manager on a monthly basis and recorded in the Asbestos logbook.

No destructive or potentially destructive work (however minor) will be undertaken in the school without first reference to the asbestos survey and logbook.

The school will identify areas that are not covered by an asbestos survey and thus may not be accessed without further sampling/air tests and areas are considered out of bounds.

The Asbestos Survey and logbook will be held in the school and is made available to any contractors prior to their carrying out work within the premises.

### **Condition surveys**

Condition surveys will be undertaken on a five-yearly basis.

### **Construction work**

All construction work is carefully monitored in accordance with school procedures.

### **Consultation with Employees**

Where policies, procedures and risk assessments have been created using the model versions from the Safety Manual these will be subject to local consultation with members of staff. Where schools that are part of the Nottingham City School shared facility time, have created their own policies, procedures and risk assessments these will be subject to consultation with the Nottingham City trade unions.

### **Contractors**

The school recognises the shared responsibility that any work undertaken by contractors is done so in a safe manner. The contractors' health and safety compliance and performance are considered as awarding factors for the tendering of all locally managed contract work.

Contractor work is managed locally on site where proper induction procedures and monitoring is in place.

### **Curriculum**

Risk assessments will be undertaken on all lesson activities where there is a significant risk of injury/ill health. Precautions will be included in lesson plans as necessary.

Specialist guidance will be provided by:

- Physical Education through The Association for Physical Education (afPE)
- Science through the Consortium of Local Education Authorities for the Provision of Science Services (CLEAPSS) (subscription through the Schools H&S Team).
- Science and Technology (ages 3-12) - "Be Safe!" Association for Science Education.

### **Covid-19**

Transform Trust will issue guidance to schools consistent with latest DfE and Public Health guidance. School Risk Assessments may be revised and reviewed based on prevailing conditions. Trust will take responsibility for reporting incidents to HSE based on guidance issued at that time.

### **Display Screen Equipment**

Risks are managed locally. Risk assessments will be completed for designated users of Display Screen Equipment (i.e. office staff).

### **Electrical Safety**

All portable electrical appliances in school are checked by a 'competent' person appointed by the school on an annual or bi-annual basis. Records of PAT testing are held on site.

All employees will be instructed to carry out a visual inspection of electrical equipment, prior to use for signs of damage or charring, to report defects to the Site Manager so that action can be taken to take the equipment out of use.

The electrical installation will be inspected at 5 yearly intervals by a competent person i.e. electrical engineer. Remedial action/s from the report will be undertaken by the school.

### **Emergency Procedures**

Each school will complete an emergency plan. Copies will be shared with the Trust.

### **Finger Guards**

Each school will complete a risk assessment.

### **Fire Safety**

Managed locally. Inspections and testing will be recorded manually in a dedicated fire logbook.

### **First Aid**

First Aid provision is managed locally. Each school will complete a first aid needs risk assessment.

### **Gas equipment and appliances**

All gas boilers/appliances are inspected annually by a 'competent' contractor from the Gas Safe Register™.

### **Hazardous Substances**

Managed locally. Risk assessments completed as required.

### **Health and Safety Advice**

Competent advice, guidance, generic risk assessments and training is provided through:

- David Thompson ☎ (0115) 876 4608/9.

### **Housekeeping**

Managed locally.

### **Information**

All employees are given adequate information on health and safety matters in relation to their work activities, i.e. as identified in the relevant risk assessments.

A Health and Safety Executive (HSE) poster will be displayed in the school. Details will be entered of the name of the H&S Governor, contact details for the H&S advisor and where to obtain details of the union safety representatives.

### **Inspections – Health & Safety**

Schools will have an annual walkabout inspection undertaken by the Schools H&S Team; this may include a representative from the Governing Body.

### **Lettings/Use Premises Out of Hours**

Schools will obtain legal and insurance advice regarding any lettings. Contract with conditions of hire will be completed, signed and approved as necessary.

### **Lone Working**

Managed locally. Risk assessments undertaken as necessary.
