

## Monthly Newsletter

### A message from Rebecca Meredith

Welcome to the final edition of Headline News for the 2021/22 academic year! What an absolutely fantastic year we've had across the Transform family of schools - to say I am proud of each and every one of you is an understatement. This year, once again we have faced some significant challenges, but in true Transform style we have worked together and rose to the challenge, we have come through stronger than ever. The Transform family continues to grow and I am excited for the future. But, before that I would like to thank all our school teams for your continued hard work and dedication to our children – I wish you a wonderful summer break. I look forward to seeing you all in Autumn!

### Stories of the month

#### Sneinton create an art gallery for Refugee week and children share their stories in the presence of the Lord Mayor

Sneinton St Stephens created an immersive, thought provoking art gallery for Refugee Week this term.

As well as this, two children wrote incredibly inspiring stories that were chosen to be read aloud at Pilgrim Church to the Lord Mayor of Nottingham as part of the Nottingham Windrush Day Civic Reception. Well done Sneinton! Very inspiring!

#### Bulwell St Mary's visited by Capital One for a community day of painting!

Bulwell St Mary's had a makeover from Capital One this month. As part of a Community day, volunteers from Capital One visited the school and painted various outdoor areas from fences to benches. This has brightened their outdoor learning spaces significantly! Thank you to the volunteers at Capital One for helping to brighten up our schools!

#### Brocklewood and Robert Shaw win award from the Nottingham Cultural Education Partnership

Brocklewood and Robert Shaw have been recognised as part of the Nottingham "Cultural Rucksack". This focuses on the belief that every young person is entitled to a broad range of arts and cultural experiences. To nurture a life-long connection with creativity and the arts. These art experiences, devised jointly by teachers and creative organisations, align with the school curriculum. They also celebrate the rich heritage and cultural diversity of Nottingham. This helps young people grow up feeling connected to and valued by their city. Well done Brocklewood and Robert Shaw!

## Edale Rise Primary and Nursery School

Edale Rise hosted a very well attended Mela, a summer fair with international flair! Lots of local businesses provided stalls and children took part in an African drumming workshop. Lots of pizza and samosas were eaten. Faces were painted and hands decorated with henna tattoos! A brilliant day was certainly had by all, well done Edale.

## Breadsall Hill Top Primary School

The Breadsall Hill Top team had a brilliant summer fair. To make the most of the hot weather the teachers had buckets of water poured on them! This was highly entertaining and the brave teacher volunteers were cooled down in the very hot weather. Well done BHTP!

## Ashbrook Junior School

Ashbrook Junior School had great fun this month with an inflatable assault course and Zorbs. Everyone had a great day outside in the sunshine. This was followed by a school disco and the entire day was filled with laughter, fun and celebration! Well done Ashbrook, it looks like you all had a great day!

## Transform Applied

The Transform Applied team were busy this month inspiring and partnering with the Middlesex Learning Partnership. They shared their FED (Future Engage Deliver) knowledge with leaders from Belmore Academy, Barnhill School and William Byrd Primary Academy. Well done to all involved! Together we can achieve!
